

## General Education Requirements

Students must successfully complete the requirements of the University, the college and the major in which they are enrolled, and the specific requirements of their area of specialization. Described below are the General Education requirements for all degrees. Students may consult the University Bulletin for recommended general education courses in their major.

At Gulf University for Science & Technology, General Education affords both freshmen and transfer students the opportunity to develop and apply intellectual tools and to acquire a breadth of knowledge necessary in our challenging, technological, and diverse world. This curriculum also challenges students to investigate various disciplines as potential majors, and it prepares them for success in major fields of study.

## General Education Requirements

General Education at Gulf University for Science & Technology offers students an exciting and challenging curriculum that develops core proficiencies and literacies and encourages the exploration of knowledge necessary to succeed in today's changing world. The following information outlines the General Education requirements. Courses used to fulfill one Core area requirement may not be applied to any other Core or Explore area requirement.
